- Renovation & Modernisation of old and ageing units.
- Purchase of power from Captive Power Plants.

Rural electrification targets in Tenth Five Year Plan

†*269. SHRI SURENDRA LATH: Will the Minister of POWER be pleased to state:

(a) the target laid down for rural electrification in the Tenth Five Year Plan and the target achieved so far;

(b) whether it is a fact that in some States 80 per cent houses have no accessibility of electricity as on date;

(c) the funds allocated to different States for rural electrification in the Tenth Five Year Plan; and

(d) the funds utilized out of the funds allocated to different States?

THE MINISTER OF POWER (SHRI SUSHIL KUMAR SHINDE): (a) Tenth Plan proposed to cover all 62000 un-electrified villages that can be electrified through grid extension. During mid-appraisal, further surveys revealed that number of un-electrified villages is over 1.25 lakh. Keeping in view slow implementation of prevailing rural electrification schemes by the States, to provide major thrust to complete the task in a time-bound manner, Rajiv Gandhi Grameen Vidyutikaran Yojana (RGGVY) was launched in 2005-06 wherein a target of electrifying 50000 villages was set for the last two years of Tenth Five Year Plan taking into account the fund availability and other implementation factors.

So far electrification of 31672 un-electrified villages has been completed of which 22731 have been achieved in the last two years and works in 31706 villages are in progress.

(b) Yes, Sir. As per 2001 Census, Assam, Bihar, Jharkhand, Orissa, West Bengal have 80% and more households which do not have accessibility to electricity.

(c) The fund allocated to different States for rural electrification in the Tenth Five Year Plan is at Statement-I, Statement-ll, Statement-Ill and Statement-IV (See below).

---

†Original notice of the question was received in Hindi.

(d) the fund utilized out of them allocated to different States is at Statement-V.
